- J. Memory Townsend
- Sam Watkins, Jr.
- Jerry Ward, Chairman of the Board

### 2014 Advisory Council

- Chandler Blevett
- Bob Borsutto
- Gina Calvert
- Sandy Metts Snowden
Dr. O. James Hurt, a familiar face throughout the Louisville area because of his connection to Kosair Charities and his expertise as an orthopedic surgeon, died Jan. 26, 2014, at The Episcopal Church Home after battling dementia for about 12 years. Hurt, 91, was kind, compassionate, thoughtful and straight-forward.

James Hurt was born Sept. 6, 1922, in Hardburly, a coal mining town in Perry County in eastern Kentucky, the oldest of four children of Jasper and EvaLee Hurt. Jasper kept books for the Hardburly Mining Co. Hurt’s mother died when he was just 8 years old.

A strong student, Hurt attended the Hindman Settlement School, where he was mentored by writer James Still, the school’s librarian. Hurt maintained a lifelong friendship with Still, whom he appreciated for his poetry and his love of life in the Appalachian Mountains.

At a young age, Hurt contracted a foot infection that developed into osteomyelitis. After receiving initial care in Perry County, he eventually was transferred to Kosair Crippled Children Hospital (KCCH) on Eastern Parkway in Louisville.

Hurt’s initial Kosair stay lasted 10 months and included several surgeries. He returned to the hospital a number of times in his teens as he continued battling osteomyelitis, which caused his leg to develop improperly. Dr. Hurt’s fondest memories of KCCH include the loving and compassionate care from Kosair staff, and the cart races the kids had down the hill in front of KCCH “before they got caught.”

When he was 18 and enrolled at Caney Junior College, Hurt concluded he would be better off without the leg. “I was on crutches (and) finally got to walking and had a flare-up,” he said in a 2007 profile for the Greater Louisville Medical Society’s monthly magazine. “I decided that was not for me. I did not want to have flare-ups the rest of my life.”

He had to persuade his doctor to amputate the leg. “He really didn’t want to,” Hurt said. “He was very conservative.” The above-the-knee amputation took place at Kosair Crippled Children Hospital.

Hurt did not let the amputation stunt his academic ambitions. He earned a premedical undergraduate degree from the University of Kentucky and graduated from the University of Louisville Medical School in 1947.

He completed his internship at Maryland General Hospital, then worked in private practice for a few years in Bedford and Campbellsville, Ky., where, to his wife’s chagrin, he would often accept chickens and strawberries as payment.

He spent three years in the Army Medical Corps during the Korean War, and

Continued on next page
in 1955 completes a three-year orthopedic residency at Louisville General Hospital. He spent the next three decades on staff at various hospitals, including Baptist Hospital and the Veterans Administration Hospital.

In 1963 he began full-time practice at the VA Hospital and went on to become Chief of the hospital’s Orthopedic and Rehabilitation Medical Services for 20 years. He was Clinical Professor of Orthopedic Surgery at U of L Medical School, past president of the Kentucky and Louisville Orthopedic Societies, past president of Louisville Society of Medicine, past vice president of the American Board for Certification in Orthotics and Prosthetics, and a member of American Academy of Orthopedic Surgery and Kentucky Medical Association among other medical associations.

For a short time he had a private practice in St. Matthews, where his first wife, Susanne, worked as his nurse. The couple had two daughters, Elizabeth Hurt Leonard and Jane Hurt Warren. After his first retirement in 1986, Hurt worked several years with the Medical Assessment Center.

Hurt was known for his honesty, integrity and forthrightness. He was also known for his red bowties and rich sense of humor. He collected single-panel cartoons, and when teaching he would often include a gag slide during lectures to both break up the monotony and make sure his students were paying attention. “You’d look up and there would be a silly monkey or some funny boy-girl humor on the screen,” his daughter, Jane, said.

Hurt was drawn to veterans dealing with their own amputations, said John Shaefer, who met Hurt when he was a VA patient in 1970. Shaefer, who developed serious complications after being shot in the ankle during military service, said Hurt, was an excellent and no-nonsense physician.

“He would schedule my procedures around my school work,” he said. “My situation was serious, and he told me it was a hard thing to deal with because I needed microsurgery, and the only one who knew how to do it was Dr. Harold Kleinert. Dr. Kleinert and Dr. Hurt took care of me for seven or eight years.” Shaefer and Hurt remained friends and often attended U of L games together.

Hurt was quite adept at getting around, said Dr. Wayne Kotcamp, a friend and retired orthopedic surgeon who shared a residency with him at Louisville General Hospital.

“He got around better than rest of us,” Kotcamp said. “If he had his prosthesis on, he could go. He had a nine-foot span on crutches, and you couldn’t keep up with him. And he could hop down the stairs. He was very well adapted.”

Hurt was an avid and skilled photographer, with a flair for portrait photography. Kotcamp recalls that Hurt regularly photographed visiting lecturers at Kosair and various hospitals as well as orthopedic residents and staff throughout Louisville’s medical community.

Hurt was a mentor, said Tim Nutgrass, who began working at the Kosair Cripple Children Hospital “brace shop” when he was only 17. Though his position didn’t require a certification at the time, Hurt encouraged Nutgrass to pursue it. “He helped me with my confidence starting out, and later, though he didn’t think I needed it, he pushed me to get that certification,” Nutgrass said. “He thought it would be a nice thing to have, and I finally did it for him.”

Nutgrass, now a principal owner of the brace shop, said Hurt was himself the consummate patient: “He was always laughing. He had the coolest laugh and smile you ever saw — I called it the Jimmy Hurt smile. I don’t think I ever saw him mad. He always found a way to make the bad into good, and you might learn a lesson from it.”

Nutgrass said Hurt taught him how to work with amputees.

“Patients would come in, they’d lost limbs
and it was a brand new world to them,” Nutgrass said. “Dr. Hurt would tell them, ‘That’s not growing back, and we have to get on with it.’ Today, I fit a patient’s head before I fit their limb, and I learned that from Dr. Hurt.”

Hurt was often referred to as one of the “oldest Kosair Kids®.” He maintained his connection to Kosair Charities throughout his life, including volunteering with patients of KCCH Juvenile Prosthetic Clinic and filming a Kosair TV commercial that still runs in the Louisville area.

In 1967, Hurt remarried Kathryn Shaver. At that point he added her three children, K, Robert and Jim Shaver to his family. Hurt retired for the final time to care for Kathryn until her death from Alzheimer’s in 2003.

After Hurt’s dementia diagnosis, he and his daughter Jane embarked upon a four-month East Coast to West Coast adventure. They put 9,000 miles on an RV, and Hurt took more photos, and visited all of his kids. They had an exceptional adventure. “I’m so very happy we had this opportunity together,” Warren said.

Hurt was a one-of-a-kind person who was fortunate to receive care from Kosair Crippled Children Hospital which allowed him to later give back to his Louisville community. He never quit educating people and exhibiting his wonderful sense of humor.

**Tompkinsville Antique Tractor and Engine Show**

Dale and Betty Rich hosted the annual Antique Tractor and Engine Show on Aug. 10 in Tompkinsville, Ky., to raise money for Kosair Kids®. With the help of family and friends, the Riches put on a fun-filled day of antique tractors, wagon rides, inflatables, games, vendor booths, good cooking, and our favorite—a dunking booth!

Dale, along with some of Kosair Charities’ event staff, took a ride in the dunking booth and got soaked more than once. Despite rain early in the day, many people came out in support of Kosair Charities and the show raised over $10,000.

Raising that much money in one day is quite an accomplishment, but that’s not all Dale and Betty Rich do for Kosair Charities. In addition to running the Antique Tractor and Engine Show each year, Dale and Betty also operate a thrift shop down the road, collect toys for our Kosair Kids® Holiday Party and advocate for Kosair Charities throughout Tompkinsville year-round.

The thrift store is impressive, housing everything you can think of for just $1 an item. The thrift shop is able to stay open from spring through late fall because of dedicated and hard-working volunteers the Riches have recruited over the years.

On Dec. 12, Dale and Betty Rich visited the Kosair Charities offices to present a check for $25,291.48. The money was raised throughout 2013, with the majority coming from the Antique Tractor and Engine Show and thrift store. The Riches also came with boxes full of toys. Thank you, Dale and Betty, and everyone who helped make 2013 a great success for Kosair Charities!
Kosair Charities’ 5th annual Dreams Take Flight celebration was held on Aug. 24 at the Kentucky International Convention Center. Over 800 people gathered for a beautiful night of celebrating Kosair Charities’ 90th anniversary. $18,973,873 was given to 90+ agencies through the Gifts & Grants Program. To see a detailed list of how the grant money will be used to help Kosair Kids® all over Kentucky and Southern Indiana, see page 2.
Ellie Yerkes, Park Community Federal Credit Union, and husband Billy.

Dr. Gerard Rabalis with wife Karen posed on the red carpet with friends Dr. Brad Keller and wife Susan.

Sam Swope congratulate Henry Vogt Heuser Jr. on winning the The Sam Swope Community Leadership Award.

Metro Councilman David James, and wife Michelle James above left, a giant cake and the Don Krekel Orchestra lined the stage to help celebrate Kosair Charities 90th Anniversary.
A Bad Day on the Golf Course is Better than a Good Day at Work

Just “Fore” Kids
The 17th annual Just “Fore” Kids Golf Classic raised over $200,000 to support Kosair Charities and Ronald McDonald House. Held at Hurstbourne Country Club on Aug. 26, this golf outing was a sold-out event with a waiting list!

After the round, golfers came to the clubhouse for dinner, a silent auction, and got to meet Caden, one of our Kosair Kids®. During dinner, his parents, Tony and Diane, talked about how Kosair Charities affected Caden’s life in numerous ways.

Thanks to Bobby Clarkson and his committee, the 17th annual Just “Fore” Kids Golf Classic raised more money for Kosair Kids® than ever before.

Flexible Packaging
The Flexible Packaging Golf Scramble was held on Sept. 19 at Lake Forest Country Club. Mike Edlin, CEO of Flexible Packaging, and his wife, Debbie, organize the scramble each year to benefit Kosair Charities and Home of the Innocents.

This is not an ordinary golf scramble. Not only does each golfer get a round of golf and a boxed lunch, they also receive a luxury goody bag and an invitation to come to post-round cocktails, hors d’oeuvres and a live and silent auction.

After the tremendous success of the 2012 auction, Mike and Debbie Edlin formed an auction committee to solicit donations and prepare them for the event. The 2013 Flexible Packaging Golf Scramble’s live and silent auction included over 5 and 100 items, respectively—all donated from generous friends of the Edlins and Kosair Charities. Thank you to all of our sponsors and volunteers for helping to support Kosair Charities and Home of the Innocents. With your help, we raised over $40,000 for Kosair Kids®!
Kosair Classic: Powered by CafePress

The 7th annual Kosair Classic (formerly known as Cole’s Classic) was held on a beautiful Monday, Sept. 30, at Audubon Country Club. Maker’s Mark representatives were at several holes making life on the golf course even more fun. After the round, all golfers came in for a buffet dinner and silent auction that included many popular golf items. Thank you to our title sponsor, CafePress, all of our team sponsors, committee members and volunteers for helping to raise over $35,000 for Kosair Kids®.

UPS Golf Classic

The 19th annual UPS Golf Classic took place on Sept. 28 at Quail Chase Golf Course. Over 175 participants enjoyed a round of golf, a delicious lunch and an exciting raffle to show their support of Kosair Charities. Thank you to the sponsors, volunteers and the UPS Golf Classic committee members—Angela Chumbley, Scott Mundy, Aaron Sheckles and David Wright—for all of your time and effort in raising over $75,000 for Kosair Kids®.
Fall Fest

Inspired by the Kosair Crippled Children Hospital Picnic in the 1950s, the Kosair Charities Fall Fest held on Oct. 12 was a celebration of our 90-year history of helping children in need. The event included a Kosair Kid® Reunion Tent, the city’s largest Kids Zone, live music, a chance to win a 1955 Chevy Bel-Air, and delicious festival food. We could not have asked for a more beautiful day and everyone in attendance left with huge smiles on their faces.

The reunion tent was dedicated to all Kosair Kids® young and young at heart. Whether someone was affected by Kosair Crippled Children Hospital or more recently by one of our supported agencies, they all were welcome to share their stories and connect with other Kosair Kids®.

The tent was covered in items depicting Kosair Charities’ rich history, including countless old photos, documentaries and videos. Special guests of the tent included the late “oldest Kosair Kid® around,” Dr. James Hurt, the Kosair Charities Board of Directors and Advisory Council, and the 1955 picnic’s King and Queen Benny Shelton and Alice Wimberg.

Thanks to the Fun Masters, the Fall Fest had the city’s largest outdoor Kids Zone, which included unlimited bouncy-houses, slides, activities and crafts for just $10. Right across from the Kids Zone was Bob Beatty and his team selling chances to win a 1955 Chevy Bel-Air that would be raffled off on Nov. 9 (see pages 16-17).

No matter where on campus attendees were, live music through the decades could be heard from June Kelley-Roy and Take Four, Reminisce, The Monarchs, and Kosair Kid® Randy Mullins. The night ended with a fantastic performance by headliner and country music star J.D. Shelburne. Special thanks to all of the performers for making the Kosair Charities Fall Fest an unforgettable day of fun.

Kosair Kids® Night at the Louisville Zoo

The annual Kosair Kids® Night at The Louisville Zoo was held on Oct 16. Almost 2,000 Kosair Kids® came dressed in their Halloween best to see animals, clowns, and, of course, to get candy!

Every year, Kosair Charities rents out The Louisville Zoo to host an invite-only night of trick-or-treating for Kosair Kids®. Keeping the zoo closed to the general public allows for a line-free and safe environment for all of our kids and families to enjoy.

Thank you to all of our invited supported agencies for distributing tickets to Kosair Kids® in need of a night of Halloween fun. We are already preparing our costumes for this year!
Meet Kosair Charities’ Helpers

Rock for Kosair

Eddy Metal and his crew hosted the 9th annual Rock for Kosair show at Phoenix Hill Tavern on Nov. 15. Over 10 bands volunteered their time and played on one of three stages between 8 p.m. and 4 a.m. to raise money for Kosair Kids®.

The money raised is used by Eddy and friends for a big shopping spree at Toys-R-Us on Outer Loop. This year alone, Eddy's hard work helped to purchase over $5,000 worth of toys for the Kosair Kids® Holiday Party, bringing his 9-year total to over $47,000 worth of toys.

Thank you to Eddy Metal and everyone else who made this night a great success. Because of your dedication, over 500 children at the holiday party leave with a toy from Santa Claus.

V3 Jeep Shop

Rich Van Camp and his team of employees at V3 Jeep Shop held a bike drive during November for Kosair Kids®. Every child who attends our annual holiday party receives a free raffle ticket to win a brand new bike and helmet, and thanks to all of their hard work, over 100 kids left the party on wheels.

Not only did they make a big bike donation, the staff at V3 Jeep Shop got out of bed early on Dec. 8 to haul the bikes to Crowne Plaza and volunteer their time at the Kosair Kids' Holiday Party (see pages 14 and 15). Kosair Charities couldn’t be more appreciative of our new partnership with the staff of V3 Jeep Shop!
Annual Kosair Kid® Holiday Party was a Hit

On Dec. 8, over 300 kids and their families came to the Crowne Plaza in Louisville for the annual Kosair Kids® Holiday Party. The party was as big a hit for the staff, volunteers and parents as it was for the kids.

Every child received one wrapped toy, a set of wrapped books, and a hand-crocheted scarf or hat in their favorite color. Each also received a free raffle ticket to win a new bike and helmet and had chances to win other small prizes while playing games throughout the room.

Walking into the Grand Ballroom wasn’t like walking into a ballroom at all—it was more like walking into Santa’s workshop at the North Pole. With face painting, games, crafts, a photo booth and an opportunity to sit on Santa’s lap, there was never a dull moment for our Kosair Kids®. As the kids started lining up, Santa decided to call on his extra elves—Coach Rick Pitino and the U of L men’s basketball team! Players and coaches helped Santa by passing out gifts, goofing around with the kids in the photo booth and signing autographs.
Except for the snowy weather outside that morning, the holiday party could not have gone more smoothly. Seeing our Kosair Kids® smile from ear-to-ear was our favorite gift of the holiday season. Thank you to everyone who made this holiday party our best yet:

- V3 Jeep Shop for donating over 100 bikes and helmets.
- Eddy Metal for donating over $5,000 worth of toys.
- Coach Pitino and the U of L men’s basketball team for being Santa’s elves.
- Rhonda and Gabby Drake for making 400 scarves and 50 hats.
- Dean’s Milk for donating 30 gallons of chocolate milk.
- Walmart’s VAP (Volunteerism Always Pays) Program for donating cookies and cupcakes.
- Aeropostale for donating over 200 new stuffed bears.
- Director Staff Ladies for sponsoring the “Rocking Around the Tree” booth.
- Kosair Charities volunteers for running the holiday stations.
- All of our other community partners who donated bikes, books, toys and bears in 2013.
The Kosair Charities Car Giveaway was held on Nov. 8 at The Crowne Plaza Hotel in Louisville. Bill Harden was the lucky person whose ticket was pulled, but at the time of the drawing he wasn't present.

Following protocol, Bob Beatty (founder of the car giveaway) called and Harden requested that the car be auctioned off to the highest bidder in the room. Interestingly enough, the winner of the bidding war was over 300 miles away.

At the Mid America Truck Show in late March where Beatty was selling raffle tickets for the car, Stephanie Smith, a Kosair Charities staff member, met a man named George Mullan. Mullan told her he used to own the same car as a teenager and even asked to have his picture taken with it. Mullan gave Smith his phone number and asked to be called for the live auction should the winner of the raffle want to sell.

Smith held on to that number for 8 months and called when the auction began. $33,000 later, Hardin was a little richer, and Mullan was the proud new owner of the 1955 Bel-Air. As if the story wasn't cool enough, after Beatty presented a check to Kosair Charities for $206,370, Hardin donated an additional $5,500 back to Kosair Charities from the sale of the car!

Needless to say, last year's car giveaway was anything but typical and we're already looking forward to this year's giveaway!

2014 Car Revealed

Beatty and team are now selling tickets for a brown, 1937 Ford Club Coupe! If you don't catch Beatty at the Kosair Charities Car Show at Mike Linning's on Saturday, May 31st, or the Kentucky State Fair, feel free to stop by Kosair Charities (982 Eastern Parkway) or The Shrine Temple (812 S. Second St.) to buy your chance to win this amazing car and help our Kosair Kids'!

For more information about becoming a sponsor of the 2014 Kosair Charities Car Giveaway, contact Marki Goodlett at (502) 637-7696 ext. 203.
Please join Kosair Charities for a light lunch, fellowship with other Kosair Charities supporters, and an opportunity to hear from community leaders.

**Lunch & Learn is presented compliments of Kosair Charities, but space is limited. Call 502.637.7696 or email traidy@kosair.org to make your reservation.**

**March 26, 2014 - 11:30am to 1:00pm**

**Guest Speaker: Mitchell C. Barnes**
CLU, ChFC, CAP Wealth Management Advisor with Barnes & Blandford

Mitch will tell his inspiring story of how his experience as a father of a son with special needs led him, along with his family, to establish the Dream Foundation. In addition to fostering research for Duchenne Muscular Dystrophy, The Dream Foundation has partnered with Kosair Charities on their ‘Play Together’ Playground Project, which redesigns playgrounds in the metro Louisville area so they are accessible to all children. Mitch will also discuss how his knowledge of financial planning helped him design a personal gift plan to support Kosair Charities.

**We hope to see you soon!**

**Bob Thrush**
**J. Memory Townsend**
**Sam Watkins, Jr.**
The significant accomplishments of Kosair Charities are made possible thanks to the generosity of tens of thousands of individuals who have made supporting Kosair Kids® one of their charitable priorities. The Kite Tales Donor Spotlight will feature some of those individuals, their stories, and why Kosair Charities is among their charities of choice.

Jack & Joyce Kiper

Long-time members of the Kosair Charities 1000 Club, Jack and Joyce Kiper have been making annual gifts to Kosair Charities for nearly 20 years. Jack and Joyce are residents of New Albany, Ind., where Jack was a member of the Murat Shriners of Indianapolis. Jack transferred his membership to the Kosair Shriners of Louisville so that he could be more active in the Shriner’s service to children.

Jack’s volunteer experiences include collecting money to send kids to the Kosair Shrine Circus. Anyone who frequents the intersection of Breckenridge and Dutchmans Lane in St. Matthews has likely said hello to Jack as he greeted commuters and encouraged them to help send a Kosair Kid® to the circus.

Jack’s most inspiring moments have come through serving with the Kosair Transportation Unit. By helping children who must travel far from home to get critically needed health care, Jack came to appreciate how important Kosair Charities is to the children of Kentucky and Southern Indiana. Joyce shares Jack’s enthusiasm for helping Kosair Kids® and is a member of the Kosair Shrine Ladies’ Oriental Club, which raises funds for Kosair Charities.

Jack and Joyce recently became members of the W. Barnett Owen Society, the Kosair Charities Legacy Society that recognizes those who provide gifts through estate plans. Like many others, Jack and Joyce determined their main estate planning priority was ensuring for the financial security of their children and grandchildren. However, they decided they could do this and still set aside a portion of their estate to help Kosair Kids®.

Jack explains: “Our bequest may not be the largest, but we decided to do what we could. If everyone who supports Kosair Charities would do the same, together we can make a tremendous difference for future generations of children.”

Jack and Joyce have become loyal followers of the Kosair Charities Lunch and Learn series where they hear about the work of agencies and internationally known researchers who partner with Kosair Charities. Jack and Joyce have found the opportunity to meet with those who are on the front lines serving kids to be as enjoyable as sharing in the fellowship of other Kosair Charities supporters.

Kosair Charities is honored to include Jack and Joyce Kiper among our many loyal supporters. Their volunteerism, ongoing generosity, and thoughtful foresight in providing for the future of Kosair Kids® are truly appreciated.
Charitable Gift Annuities – Securing the Future

Are you looking for a secure source of fixed income for now or your future? You may be tired of living at the mercy of the fluctuating stock market but want a return greater than you can get with current rates on certificates of deposit. One solution is a charitable gift annuity.

Charitable gift annuities offer donors financial security for their future, while also ensuring the health and wellbeing of future generations of Kosair Kids.

How it Works
A charitable gift annuity is a contract between you and Kosair Charities.

1. You transfer an asset property to Kosair Charities. In exchange we pay you fixed income for life.
2. The fixed income can be quite high depending on your age.
3. A portion of your income stream may even be tax-free.
4. You will receive a charitable deduction for your gift of the remainder to Kosair Charities and the satisfaction of knowing you will be helping us help future Kosair Kids.

Types of Assets You May Give
- If you decide to fund your gift annuity with cash, a significant portion of the annuity income will be tax-free.
- You may make a gift of your appreciated securities to fund a gift annuity and avoid a portion of the capital gains tax.

Start Receiving Payments Now with a Current Gift Annuity
If you desire current income, you may transfer property in exchange for our promise to pay you fixed income beginning as early as this year. You will receive a current income tax charitable deduction for the value of your gift to Kosair Charities.

Deferred Gift Annuity for Income at Future Date
Perhaps you are not ready to begin receiving income until a future date, such as when you retire. You can establish a deferred gift annuity, receive a current charitable income tax deduction and receive payments at a designated future time. Best of all, because you deferred your payments, your annual payment will be higher than with a current annuity.

Contact Theresa Raidy at traidy@kosair.org or 502.637.7696 to learn more about charitable gift annuities and start securing your future today!

Sample Rates for Charitable Gift Annuities Based on Age

Kosair Charities Welcomes
Three New Board Members

Dr. Ferrell Lowrey, Jr. was born in Louisville, Ky., in 1929. He attended Male High School (grad.-1946), University of Louisville College of Arts and Sciences (BA-1949) and Medical School (MD-1953).

He is a Navy veteran who served during the Korean War.

Lowrey married Dr. Geraldine Paxton in 1954 and they have four children, and several grandchildren.

His medical practice was in the field of cardiovascular diseases. He retired in 1996.

His Masonic journey began in 1969 when he became a member of Jeffersontown Lodge #774 followed by the Scottish Rite, York Rite, and Kosair Shrine. Lowrey continues to be active as a member of the Motor Corps at the Kosair Shrine Temple. He has held most offices, including director.

In recent years he served on the Governance Board of Kosair Children's Hospital and as an unofficial Medical Director of the Charities and on the Kosair Charities Advisory Council.

He considers his selection to the Board of Kosair Charities to be the pinnacle of his Masonic travel. To be in the position of being able to apply his professional background will make it a distinct honor and privilege, which he will always cherish.

David L. Nicholson, the Circuit Clerk of Jefferson County, was elected in 2006 and 2012.

Before his election, Nicholson was Executive Director of the Louisville Metro Criminal Justice Commission. As head of the commission, he supervised the planning, research and coordination of first responder initiatives and worked to secure millions of dollars in state and federal public safety grants.

He has a long history of civic involvement, including membership on the Domestic Violence Coordinating Council, Louisville Youth Alliance, Louisville Metro Police Department's 5th Division Citizens Advisory Board and the Kosair Charities Advisory Council.

Nicholson was named President of the Kentucky Association of Circuit Court Clerks in 2010. He is a 1979 graduate of Westminster College in Fulton, Mo., and has done post-graduate work at the Cumberland School of Law in Birmingham, Ala. He is married with two children.

Steve Hueston has worked for Whayne Supply Co. for the past 40 years. His current position is a Six Sigma Black Belt, in the Continuous Improvement Department.

Hueston is a member of Valley Lodge 511, Scottish Rite, York Rite, the Royal Order of Scotland, and currently holds the office of Assistant Rabban with the Kosair Shrine.

Hueston started volunteering for Kosair Charities in 2008 because of their mission and service in the community. While there are a variety of worthwhile charities to support in our community, Kosair Charities is aligned strongly with Steve’s passion of helping children and making a difference in the lives of families.

Hueston has been married to his wife, Gina, for 16 years. They have four children and six grandchildren.
Welcome Bethany & Becky to the Kosair Charities Family

Meet Bethany Heckel

Bethany Heckel joined the Kosair Charities team as Vice President of Development in January 2014. She has over 10 years of experience in fundraising and development. Her career began as a volunteer for the Shamrock Foundation, where she discovered her passion for helping nonprofits secure the resources they need to fulfill their missions.

Before coming to Kosair Charities, Heckel was Director of Development for The de Paul School, where she planned and oversaw a comprehensive fundraising program to increase philanthropic support of the school.

Before her time with de Paul, she served as the Director of Development for the Schools of Nursing and Public Health at the University of Louisville. During that time, she received the William J. Rothwell Award. Heckel has also served in development roles at Spalding University and St. Francis High School.

Heckel, a Louisville native, holds a Bachelor of Arts degree in English from the University of Kentucky. She is thrilled to have joined the Kosair Charities team, and hopes to help increase the resources available to support kids in our community.

Meet Becky Edmondson

Before joining Kosair Charities in November as the Director of Donor Relations, Becky Edmondson worked as Director of Development for Lifehouse Maternity Home.

Edmondson served as Director of Development during the startup phase for Shawnee Christian Healthcare Center, a primary care center and community development site caring for underserved children and adults in the Shawnee neighborhood of Louisville.

From 1989 to 2009, Edmondson was Executive Director of A Woman’s Choice. During her tenure, the agency expanded from one location to four, which included the launch of Necole’s Place, an educational and mentoring site for single women and their children that was the first of its kind in the Louisville area. Edmondson received the Right to Life Humanitarian Award in 1998.

A Woman’s Choice was featured on the front page of The New York Times in 2006.

Edmondson has 23 years of experience in donor development and building partner relationships. She has a passion for assisting organizations that help children and families. She looks forward to building relationships with Kosair Charities’ donors through increased stewardship activities.
High Flyers

Glasgow Shriners Club’s Reach Out for Kosair Kids®

Thank you to the Glasgow Shriners Club and all of the sponsors who made the 2013 Reach Out for Kosair Kids® event a huge success. The event included inflatables for the kids, a Zaxby’s wing eating contest, petting zoo provided by Kentucky Down Under, and a very special handmade Kosair Kids® quilt that was auctioned off for over $3,000. This event raised over $26,000 for Kosair Charities.

Stepping Stones

Owen Funeral Home and Valley View Church hosted the annual Stepping Stones Bear Drive in September. The price of admission to this luncheon and concert is a stuffed animal donated to the Bears on Patrol Program. Thank you to everyone who came out to this event to help us restock our bear room!

Jack-O-Lantern Spectacular

The city of Louisville and Passion for Pumpkins teamed up to create the Jack-O-Lantern Spectacular at Iroquois Park. The event ran from Oct. 10–Nov. 2 and featured 5,000 carved pumpkins lining a quarter-mile trail. Hundreds of people came out every night to walk the illuminated trail. All proceeds benefited Louisville Metro Parks Foundation and Kosair Charities.

CrossFit Bluegrass Challenge

CrossFit Bluegrass celebrated its first anniversary on Aug. 31 with a partner competition to benefit Kosair Charities. The event raised $1,000 for Kosair Kids®. A special thank you to Nicki Reading and JoEllyn McAtee for supporting Kosair Charities. We couldn’t be more excited about our new partnership. Here’s to many more years of doing it “The Bluegrass Way.”
Kentucky Hospital Association
Thank you to Kentucky Hospital Association for holding a stuffed animal drive during the holidays. KHA has been donating to Bears on Patrol for many years, and were able to collect over 50 stuffed animals this year.

Gravity Car Chase
The University of Louisville Triangle Fraternity held their second annual Gravity Car Chase for Children on Oct. 26 at Iroquois Park. The event brought in over $2,000 for Kosair Kids®.

Farmer Elementary
The kids of Farmer Elementary collected stuffed animals for the Bears on Patrol Program. They held a special assembly to present their donations to Kosair Charities, and WWE Superstar, Damien Sandow, surprised the kids as a guest speaker. The school collected hundreds of stuffed animals and also donated toiletries for the Home of the Innocents as part of their Kids Caring for Kids incentive program.

LouChem Golf Scramble
The ninth annual LouChem Golf Scramble for Kosair Kids® was held on Oct. 5. Kosair Charities is proud to have LouChem Federal Credit Union as a community partner. Thank you for all that you do for our Kosair Kids®.

Fat Boy Golf Classic
Shane Harding chaired the 10th annual Fat Boy Classic held on Aug. 10 at Wildwood Country Club. A little rain didn’t stop the golfers from having a great day and helping to raise over $1,200 for Kosair Charities.

Greenway Shredding
Greenway Shredding collected donations for Kosair Charities by offering free shredding in August. The incentive was so popular that they extended it through September and ended up raising more than $2,900 for our Kosair Kids®.

Pediatric Associates of Louisville & Bates Elementary
Pediatric Associates of Louisville, with help from Bates Elementary, collected 454 stuffed animals for Bears on Patrol. They are already planning to collect bears again this year! Their donation filled an entire van and will bring smiles to children’s faces all over Kentucky and Southern Indiana.
Amazon, Jeffersonville
Thank you to the Amazon Fulfillment Center in Jeffersonville, whose employees collected stuffed animals and books for Kosair Charities during July.

Friends School
The second-grade class at Friends School chose Bears on Patrol as their learning service project. They shared this project with the entire school, and for the month of September they collected stuffed animals, ending up with over 200. Thank you for your donations!

Jenna Veech
Jenna Veech collected donations for Kosair Charities instead of asking for birthday gifts. She collected $169.90 for our Kosair Kids®.

KidStuff Sale
Suzette Decker and the KidStuff Sale had another great year and were able to donate thousands of dollars to Kosair Charities with donations from their spring and fall sales. Visit kidstuffsale.com for future KidStuff consignment sales and find out how you can donate to Kosair Charities while you shop.

Jasmine and Ava
Happy belated birthday and a big thank you to Jasmine and Ava, who asked their guests to donate stuffed animals to Bears on Patrol instead of bringing them birthday gifts. You all rock!
Forcht Bank
Thank you to the Campbellsville branch of Forcht Bank, which held a stuffed-bear drive over the holidays. They ended up donating 225 bears. After the holidays, they had even more donations come in and donated another seven bags of bears. Thank you for your donation, Forcht Bank.

Barnes and Noble Book Drive
Thanks to Barnes and Noble, Kosair Charities was able to give every child who attended our Kosair Kids® Holiday Party a new book. Barnes and Noble set out to collect 1,000 new books, and was able to surpass that goal thanks to generous donors. Thank you to everyone who donated and to Barnes and Noble for partnering with us for this cause.

The de Paul School
The de Paul School’s fourth-grade class collected stuffed animals for Bears on Patrol, and when they asked for a Kosair Charities representative to come get the donations and talk to the students about the program, they got a big surprise: WWE Superstar and Kosair Charities Ambassador Damien Sandow. Damien spent time with the class and explained to them the importance of the bear drive before bringing all the stuffed animals back to Kosair Charities.

General Eccentric
General Eccentric on Bardstown Road collected new toys this holiday season for Kosair Charities. Visitors who donated a new toy received a buy one get one for half price coupon to use in the store. Thanks, General Eccentric!
Heart of Worship Christian Academy

Some students from Heart of Worship gave up their Friday to help wrap gifts for the 2014 Kosair Kids Holiday Party. We appreciate being a part of your service project.

Sophia and Ella

Sophia and Ella cleaned out their rooms and donated all their stuffed animals to Kosair Charities Bears on Patrol. Thanks for thinking of us!

Jeffersontown Gaslight Festival

In September, Kosair Charities partnered with the Jeffersontown Gaslight Festival for a 5K run to raise money and awareness for our Kosair Kids®. Many of our kids and their families came out to run/walk a shorter route as part of Team Kosair Kids®. Kosair Charities ambassador and WWE Superstar Damien Sandow rode in the Gaslight Parade to show his support.

Jan Krause

Kosair Charities would like to say thank you to Jan Krause, who has been delivering stuffed animals to law enforcement agencies all over the state for years. Jan has driven thousands of miles without asking for a cent of gas money, and he camps out instead of staying in a hotel. Jan has retired from this position, but we cannot thank him enough for his years of service. He is a truly unique volunteer.

Please join Kosair Charities for a light lunch, fellowship with other Kosair Charities supporters, and an opportunity to hear from community leaders.

Lunch & Learn is presented compliments of Kosair Charities, but space is limited. Call 502.637.7696 or email traidy@kosair.org to make your reservation.

April 15, 2014 - 11:30am to 1:00pm

Guest Speaker: Andrea L. Behrman, Ph.D. University of Louisville Professor, Department of Neurological Surgery – Pediatric Rehabilitation and Recovery Laboratory

Dr. Behrman will discuss her work in exploring how to help children regain the use of limbs paralyzed as the result of spinal cord injuries and other causes. Dr. Behrman is a pioneer in the use of Locomotor Training in children. Locomotor Training allows individuals with certain kinds of spinal cord injuries to repetitively practice standing and stepping using body weight support and a treadmill with manual facilitation from therapists and technicians. The ultimate goal is to re-train patients with spinal cord injuries to stand and walk again.

We hope to see you soon!
Child abuse has a thousand faces. Look in the mirror. You are the face that *ends* child abuse. Face it. End it.
